

## **Criteria and guidance notes** **The Cragwood Fund Large Grant Programme**

The Cragwood Fund at Sussex Community Foundation seeks to fund charities and community groups which support homeless and/or vulnerably housed people in West Sussex.

The Fund is particularly interested in supporting organisations developing new or extended programmes of work in the following areas:

- Preparing for work and the cultivation of skills for employment
- Training and support around money, health and well-being and the practical skills associated with independent living
- Social reintegration and resilience in preparation for independent living.

Projects must be able to track and demonstrate the impact of the work proposed.

### **What can you apply for?**

One grant of up to £20,000 per year for a period of three years is available. The grant will be allocated on an annual basis for three years subject to satisfactory end of year monitoring reports. The grant may cover both project specific and organisational running costs. Priority will be given to projects/programmes with other sources of funding, ie. that will not be solely reliant on the Cragwood Fund.

### **Who can apply?**

The fund is open to charities and community groups of all sizes working to support homeless and/or vulnerably housed people in West Sussex.

### **How to apply**
