Commentary

This table shows the Sussex wards that are ranked in the top 10% most deprived on barriers to housing and services score. The top 10% is dominated by wards in Wealden, Horsham and Chichester but there are a couple of exceptions to this including, Kingston in Lewes and Moulsecoomb and Bevendean in Brighton and Hove. In the last report, Hartfield ward in Wealden had the highest deprivation on this score, but this has now moved down to 4th most deprived. This time round, East Dean in Wealden has the highest level of deprivation on barriers to housing and services, ranking 121st nationally which is very high by national standards.
