Commentary

Ten Sussex wards are ranked in the top 10% most deprived on crime deprivation.

Interestingly, these most deprived wards are from quite a selection of districts. rather than all being in one or two areas.

Castle ward in Hastings has the highest crime deprivation score overall, ranking 68th nationally.

This was also the highest ranking ward in the previous report, indicating that its relative performance within Sussex has not changed.

This information was produced by Grant Thornton UK LLP for Sussex Community Foundation 2016. It is taken from the Indices of Multiple Deprivation (IMD 2015), English Indices of Multiple Deprivation, Department for Communities and Local Government, 2015.
